

JESSICA BEATRIZ GALVAN

Education

Bachelor of Fine Arts in Stop Motion Fabrication / 2020
Animation & Visual Effects, Academy of Art University

Certificate of Achievement in Technical Theater / 2021
Diablo Valley College, Pleasant Hill

Projects

Rapid Prototype Quality Assurance LAIKA / 2021

- Organize, clean, sand, adhere magnets, prep and touch up all 3D assets for use in puppets, sets, and replacement animation.
- Perform high detail quality control and consistency throughout 3D prints.
- Keep both written notes and computer records of all assets.
- Utilize hand tools/equipment to apply various forms of paint, primer, and adhesives to 3D prints.
- Communicate with team members to coordinate and adapt tasks to meet production demands and changes in priorities.

Production Assistant *Head Over Heels* Theater Production / 2021

- Support technical director with implementing production needs, including assembling flats, painting, mending costumes, and making props.
- Manage and maintain equipment. Set up the stage and props.

Experience

Fabricator *Steve's Kidneys* Animated Short Film / 2019

- Built props to match the concept design for a stop motion short by Suki Sukiam. Researched and selected materials to best reflect color and texture of the original design.
- Sculpted scaled oil-based maquettes of characters. Created two-part molds for duplicating puppets. Translated concept design to fabricated assets, mixed paint to color match.

Fabricator Studio X, San Francisco / 2020

- Worked collaboratively with animation teams to create concept designs, environments, props, and characters.
- Worked diligently and safely in a pipeline to efficiently distribute tasks under tight deadlines
- Communicated estimated time needed to complete work.
